Dear Community Members, Business Leaders and Friends,

Project Coordinators

Amanda Mesker
Becky Garcia

We are a preschool designed to preserve the experience of childhood! We strongly believe that children currently lack, but adamantly deserve and need the experience of an active and natural learning environment in the outdoors. We would like to be the first preschool in the area, to offer an Outdoor Classroom for the kiddos in our community!

We will be breaking ground on October 30, 2017 and hope to be finished by Christmas, 2017. In order to accomplish this task we must first address the need for support from our community and families. There are extensive improvements and plans that are needed to be implemented in our acre lot. We are unable to do it on our own; we need **your** help to accomplish the first Outdoor Classroom Project in this area!
